ASCS Students to Act in Canton Production

All Saints students Emily Roose and Mila Kokinasidis will have roles in the upcoming production of Jack and the Beanstalk at The Village Theater from March 12-15.

Join Us for Parents in Prayer

Join us for Parents in Prayer on Friday from 8:00-8:30 a.m. in the chapel.

Parents in Prayer is an opportunity to pray in the chapel for your child's homeroom intentions.

We are hoping that each family will sign up for at least one prayer session this school year.

Health Tips for Parents from the School Office

Many parents ask, "When is my child sick enough to stay home from school?" This is not always an easy question to answer! We hope that these tips can help!

A child who is sick will not be able to perform well in school and is likely to spread the illness to other children and staff. We suggest making a plan for childcare ahead of time so you will not be caught without a comforting place for your child to stay if he/she is ill.

If you do keep your child at home, it's important to phone the school on the first day. Our school policy states that you should not send your child to school if he/she has:

- Fever in the past 24 hours
- Vomiting in the past 24 hours
- Diarrhea in the past 24 hours
- Chills
- Sore throat
- Strep Throat (must have been taking an antibiotic for at least 24 hours before returning to school)
- Bad cold, with a very runny nose or bad cough, especially if it has kept the child awake at night
- Head lice—until your child has been treated according to the doctor's or professional's instructions

If your child becomes ill at school and the office staff feels your child is too sick to benefit from school or is contagious to other children, you will be called to come and take him/her home from school. It is essential that the office staff has a phone number where you can be contacted during the day and an emergency number in the event you cannot be reached. Please be sure that arrangements can be made to transport your child home from school and that childcare is available in case of illness.

If your daytime or emergency phone number changes during the year, please notify the office at 734-451-2490. These guidelines are meant to serve the best interests of all the children and staff in school. If you have questions or concerns, please do not hesitate to call.

FGR Hosts Middle School Robotics

Father Gabriel Richard High School and its robotics team invite all middle school students and their parents to participate in their Science & Technology Experience Night on Tuesday, February 4, from 5:00 p.m. to 6:30 p.m. This event will be held at Father Gabriel Richard High School, main entrance, 4333 Whitehall Dr., Ann Arbor, MI 48105.

Students will engage in fun hands-on STEM activities and learn what it's like to be a member of a high school robotics team --- including operating a robot! While students are participating in activity sessions, parents will be invited to learn about the benefits and opportunities of participating in STEM programs like robotics and hear students' personal experiences.

Both students and parents will also have time to learn more about FGR with a short tour and visit to our robotics lab to see students working on this season's new robot. Light refreshments will be served. Please RSVP to bytingirish@fgrhs.org

Mercy HS Open House Is January 30

Cold Weather Reminders

With the colder weather arriving, here are just a couple of reminders for our families to keep in mind during the winter months:

- Students still go outside for recess if the temperature is above 10-degrees Fahrenheit, so please dress them in warm gear.
- All ASCS safeties must wear warm clothes outside on duty. They are outside much longer than normal and it is a good example for other students.
- Please do NOT drop off your students prior to the doors opening at 7:50 a.m. With no adult supervision and freezing temperatures, it is not safe for students to be outside.

My name is Brooke MacDonald and I graduated from All Saints in 2017 and am currently attending Divine Child High School as a Junior. I would like to offer myself up as a free tutor for any grade level in the subjects math, english, language arts, social studies, and religion. My goal is to become a high school history teacher, and I feel tutoring would help give me some experience and be a way to help others who may be struggling or just need extra help in some classes.

I have a pretty flexible schedule, and would be available to tutor most weekdays beginning at 3:30 at All Saints.

Thank you,
Brooke MacDonald

Classroom Happenings

Mr. Facione's 5th and 6th grade social studies classes learned about the legacy of Martin Luther King Jr. during Monday's MLK "Escape Room" Challenge. The students worked in small groups to solve puzzles, complete mazes, and identify events about his life on a timeline. The classes also studied MLK's words and actions, and learned vocabulary words relating to civil rights, equality, and social and racial justice. After completing all of their tasks, each group received a secret code to unlock a message about the life of MLK. Students were definitely up to the challenge!

Mr. Willing's 7th graders re-created trench warfare to accompany their study of World War I and the changes that early 20th Century technology brought to the battlefield. To simulate the trench experience, the class was divided into two sides, with each hiding behind large boxes. Students used paper balls as shells and ammunition to "defeat" the enemy. In the second simulation, some students were given boxes that served as tanks to destroy the opponent's trenches and "attack" their position. This re-enactment provided a vivid example for the students of the way that trench warfare must have felt for the soldiers experiencing it firsthand.

Mrs. Zahari's 8th grade science classes completed their focus on electricity and magnetism by building their own circuits. This STEM activity had students troubleshooting issues so they could successfully get their projects to work. The students could select one of three options--a light-up card, a motor, or a quiz board. Following completion of the task, the 8th graders wrote a reflection on what challenges they overcame to find success.

ALL SAINTS CATHOLIC SCHOOL

Growing Leaders in Body, Mind, and Spirit

Partners In Faith Referral Program

All Saints Catholic School wants to reward you for promoting our school to your family, friends, neighbors, and colleagues. Current All Saints' students and parents are by far our best ambassadors, sharing positive experiences through simple word of mouth. Our referral program rewards current families with a one-time **\$1,500 tuition credit** for each new family they get to enroll at All Saints Catholic School.

Here's How It Works:

- This referral program is open to all families with kindergarten through 8th grade students enrolled at All Saints Catholic School.
- Complete the "Current Family" portion of the form below, detach it, and give it to the new family interested in All Saints Catholic School.
- Have the new family complete their portion of this form and submit it with their completed new student admission application.
- For each new kindergarten through 8th grade family that enrolls at All Saints and submits this completed form, a \$1,500 tuition credit will be awarded to the current family. To qualify for this incentive, the new family/student cannot have a sibling currently or previously enrolled at All Saints. Tuition credit is good for one-year.

With your assistance, we can continue to build our school community with families who, like **you**, realize the value of a Catholic education.

This incentive program is only valid for the first year the new family attends ASCS. Any current ASCS family that is past due on their tuition/fees will have their incentive applied toward any owed tuition/fees. Families who pay tuition in full, prior to school year starting, will receive a check.
